Simply a meeting to provide updates of the sites recently added and proposed to the NPL as the sites transition from Site Assessment to Remedial. I will be providing a brief overview of the sites, if the enforcement officers could give an enforcement update to the RPM's that would be greatly appreciated. I will also provide an electronic disk of the HRS and or response to comment information to the RPM.

We will be going site by site-if you don't want to come to the entire meeting, this will be the site order
